### Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 Investing for Success agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Strengthening oral language & phonics practices in P-2 for all students.
- Providing focused and intensive teaching of reading using *Daily Rapid Reading* and *Reading Links* in the lower school in order to assist students in reaching a C standard in English & mathematics.
- Developing a whole school approach to reading comprehension using Sheena Cameron strategies.
- Consistent reading & numeracy data analysis to inform high quality teaching and learning practices.
- Refinement of coaching & feedback for teachers & teacher aides in the teaching of reading & numeracy.
- Establishment of multi-age classes for P/1/2, and 4/5/6 to target individual student learning needs.
- Monitoring student attendance and positive behaviour support through Behaviour Team meetings.
